

Ruby - Bug #12669

syntax error at assinnments of command

08/11/2016 09:32 AM - nobu (Nobuyoshi Nakada)

Status:	Closed	Backport: 2.1: UNKNOWN, 2.2: UNKNOWN, 2.3: UNKNOWN
Priority:	Normal	
Assignee:		
Target version:		
ruby -v:		
Description		
Related to #12402 , I found other kind inconsistencies.		
simple assignment and op assign of command cause syntax error, while simple assignments don't.		
<pre>\$ ruby -ce 'a = b = raise "x"' Syntax OK</pre>		
<pre>\$ ruby -ce 'a = b += raise "x"' -e:1: syntax error, unexpected tSTRING_BEG, expecting keyword_do or '{' or '(' a = b += raise "x" ^</pre>		
<pre>\$ ruby -ce 'a += b = raise "x"' -e:1: syntax error, unexpected tSTRING_BEG, expecting keyword_do or '{' or '(' a += b = raise "x" ^</pre>		
<pre>\$ ruby -ce 'a += b += raise "x"' -e:1: syntax error, unexpected tSTRING_BEG, expecting keyword_do or '{' or '(' a += b += raise "x" ^</pre>
